

Global Resorts Network

Here's the complete video on the Global Resort Network VALUE.

Global Resorts Network has been, for quite some time, a multi-level-marketing organization. Honestly, this has been great and GRN has held a great deal of value all throughout their history. But since 2006, there have been some key problems and issues with this network marketing opportunity, and I think they've all just been defeated. Because the MLM pay plans are limiting in their amount of commission per sale, the leaders at Global Resorts Network decided to throw out the old pay plan and make this product a straight forward affiliate program. Sell it. Make a commission. No confusing pay plans to deal with anymore!

Global Resorts Network Pay Plans – The History

Up until today (May 7, 2012) the pay plan hasn't given the affiliates and members of [Global Resorts Network](#) enough commission to support their marketing and advertising. Before, a sale at the platinum level would provide the member an \$850 commission if it was their first sale. **Now, however, the individual will receive a FULL \$4,000.00 on their very first platinum sale!** (hint: If I would have had this when I got started, I can't even tell you what this would have done for my business).

The New Silver Membership – SO HUGE

[Global Resorts Network](#) has unrolled the new silver membership, and this is the cheapest that anyone has ever been able to get into GRN. Before, the most affordable option was at \$4995, but now with this silver membership, anyone can purchase for just \$2995! The Silver Membership is a LIFETIME membership with a 2 vacation per year threshold.

Global Resorts Network Silver Membership

I can't tell you the amount of people/leads I have spoken with in the last couple months that have expressed a great deal of interest in the **Global Resorts Network**, but simply had no ability to put out \$7,995 towards a luxury item. Now, however, this will actually be a legitimate game changer. Because people can now jump in, sell one membership and receive \$4,000 commission on their first sale, effectively then making the initial purchase of the Platinum \$7,995 package. I'm anticipating an enormous spike in sales (without question).

What's The Price Comparison Like?

Glad you asked! You can get into the *Global Resorts Network Membership* at the following prices: All are lifetime Memberships and willable.

\$2,995 (Silver Membership – \$1500 per sale)

\$7,995 (Platinum Membership – \$4,000 per sale)

\$11,995 (Diamond Membership – \$6,000 per sale)

All of these memberships are life-time memberships. The only difference comes in the number of weeks you are allowed to travel in the membership per year: Silver = 2 full weeks, Platinum = 10 full weeks, Diamond = 20 full weeks. It's that simple. Choose which package works best for you, and get the membership today. Note: I delayed purchasing Global Resorts Network for almost two years, until I finally realized that there really is no "good time" to make a purchase like this. It all comes down to your commitment level and ability to take advantage of a unique and limitless opportunity such as this. I look forward to hearing from you soon and doing business with you within (GRN) *Global Resorts Network*.
